Parent Information about Medication Procedures

1. Medications should be taken at home whenever possible. Any medication taken in a YMCA Child Care Program must have a parent or guardian-signed authorization: some medications also require physicians orders. Medication must be turned in at your YMCA Child Care Program's desk prior to the start of the day. **The parent or guardian must transport medication to and from site.**
2. No medication will be accepted by YMCA Child Care personnel without receipt of completed and appropriate medication forms. **Form must be updated yearly. The YMCA Child Care Center calendar runs from 9/1 to 8/30.**
3. **The first dose of any medication must be given at home.**
4. The parent or guardian is responsible for submitting a new form to the YMCA Child Care Center at the time of registration or the start of the program.
5. Medication will be stored in a locked area accessible only to authorized personnel.
6. YMCA of Metropolitan Washington Child Care/Summer Camp programs do not assume responsibility for authorized medication taken independently by the student.
7. In no case may any YMCA Child Care Center staff or member administer any medication outside the framework of the procedures outlined here.
8. All medications should be in original containers, with directions, expiration date, and child's name clearly marked.
