

YMCA ANTHONY BOWEN

**WELCOME
TO
FALL I
CLASS
SESSION**

September 01, 2025 – October 26, 2025

**Registration opens
AUGUST 29, 2025**

Active membership required prior to registration

Refund policy

Instructional/Programs:

If a participant cancels, the following policy will be followed:

1. Participants cancel before the first class – 90% refund

2. Participants cancel after the first class– 75% YMCA credit only. No refund provided.

3. Participants cancel after the second class– 50% YMCA credit only. No refund provided.

4. Members are NOT eligible for credit or refund after the third class.

- **The YAB aquatics department will only credit/refund money due to family emergencies or medical reasons with a doctor's note.**
- **Any credit /refund made after the start of a session will be prorated at the discretion of the Aquatics Director.**
- **If the YAB cancels the class or reschedules a course at the beginning of the session, full credit/refund will be given, if transfer to another class is not possible.**
- **The YMCA does not offer make-up for individual absences.**
- **All programs have a minimum enrollment number of three participants. Programs with fewer participants may be combined or canceled. You will have the option of receiving a full refund/credit or switching to another similar price program or class.**
- **Only the Aquatics Director will approve refund for a reason not mentioned above**

YMCA ANTHONY BOWEN

10:40AM	11:20AM	Stroke Mechanics S6	02202 42	6y-12y	\$147	\$218

STAGE DESCRIPTIONS

SWIM STARTERS

Accompanied by a parent, infants and toddlers learn to be comfortable in the water and develop swim readiness skills through fun and confidence-building experiences, while parents learn about water safety, drowning prevention, and the importance of supervision.

A / WATER DISCOVERY
Parents accompany children in stage A, which introduces infants and toddlers to the aquatic environment through exploration and encourages them to enjoy themselves while learning about the water.

B / WATER EXPLORATION
In stage B, parents work with their children to explore body positions, floating, blowing bubbles, and fundamental safety and aquatic skills.

1 / WATER ACCLIMATION
Students develop comfort with underwater exploration and learn to safely exit in the event of falling into a body of water in stage 1. This stage lays the foundation that allows for a student's future progress in swimming.

2 / WATER MOVEMENT
In stage 2, students focus on body position and control, directional change, and forward movement in the water while also continuing to practice how to safely exit in the event of falling into a body of water.

3 / WATER STAMINA
In stage 3, students learn how to swim to safety from a longer distance than in previous stages in the event of falling into a body of water. This stage also introduces rhythmic breathing and integrated arm and leg action.

SWIM BASICS

Students learn personal water safety and achieve basic swimming competency by learning two benchmark skills:

- Swim, float, swim—sequencing front glide, roll, back float, roll, front glide, and exit
- Jump, push, turn, grab

4 / STROKE INTRODUCTION
Students in stage 4 develop stroke technique in front crawl and back crawl and learn the breaststroke kick and butterfly kick. Water safety is reinforced through treading water and elementary backstroke.

5 / STROKE DEVELOPMENT
Students in stage 5 work on stroke technique and learn all major competitive strokes. The emphasis on water safety continues through treading water and sidestroke.

6 / STROKE MECHANICS
In stage 6, students refine stroke technique on all major competitive strokes, learn about competitive swimming, and discover how to incorporate swimming into a healthy lifestyle.

SWIM STROKES

Having mastered the fundamentals, students learn additional water safety skills and build stroke technique, developing skills that prevent chronic disease, increase social-emotional and cognitive well-being, and foster a lifetime of physical activity.
